Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Wednesday 17 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with sunny breaks, turning wet during the night.

Today:
Any lingering showers clearing during the morning leaving a largely dry and bright morning. Mostly dry into the afternoon with clouds developing and the odd shower possible for some southern areas. Rather breezy and mild. Maximum temperature 12 deg C (54 deg F).

Tonight:
A band of rain arriving from the south with heavy bursts at times spreading across the region. Rain clearing overnight but staying rather cloudy, mild and windy. Minimum temperature 7 deg C (45 deg F).

Thursday:
Further rain on Thursday morning, heavy at times pushing eastwards but soon clearing. Turning generally dry with some showers for the north and sunny skies elsewhere. Colder than recently. Maximum temperature 10 deg C (50 deg F).

Outlook for Friday to Sunday:
Prolonged rain, locally heavy alongside strong winds on Friday. Largely dry with sunny spells on Saturday with rain arriving overnight, perhaps lingering on Sunday. Very mild this weekend.
